A message from the Mayor

Welcome to the first edition of Hume Highlight!

Our goal with this new magazine is to keep you well-informed about the latest developments happening within Council and in our local community. This magazine will be published each quarter, and will be available for pick up from popular locations around Hume City.

You might be wondering why we're introducing a print magazine in 2023. The answer is simple – in response to feedback Council received from our community regarding the closure of *Hume Pride* (our old community magazine), we have decided to bring the magazine back with a focus on reaching more of our diverse community.

We're also excited to include a double-page spread in Turkish and Arabic, which are the top two languages spoken in homes across Hume, other than English. When combined, Turkish and Arabic-speaking households account for more than 15% of our community.

A strong and steady year ahead

I'm honoured to have been elected as the Mayor of Hume City.

Over the next year I will work tirelessly with our Councillors to advocate for the needs of our community, uphold our social justice principles, ensure your rates are being spent wisely, and to maintain a Council that works well together.

We are now in the final year of this Council term, but that doesn't mean we'll be slowing down. Your Councillors and I will continue to act in the best interests of our community, ensuring your voices remain at the forefront of every decision we make.

Christmas in Hume

It's that wonderful time of the year and we're excited to celebrate Christmas in Hume again in 2023.

Our famous Hume Carols by Candlelight returns on Saturday 2 December at Craigieburn ANZAC Park, which will be hosted by award-winning artist Natalie Bassingthwaite and feature guests from Sesame Street.

As always, there are numerous other Christmas festivities occurring, for more details or to get involved, visit page 3.

Five ways to celebrate Christmas in Hume

There is something for everyone this festive season!

1. Natalie Bassingthwaighte rocks Craigieburn

We're starting the Christmas activities with our traditional Carols by Candlelight event at Craigieburn ANZAC Park on Saturday 2 December. This year we are excited to have the amazing Natalie Bassingthwaighte joining as our special guest host. Bring your family and friends and join us for a sing along with our local musicians and enjoy a few surprise visitors!

2. Decorations – everywhere

Our incredible Christmas decorations are back! We'll be lighting up all corners of Hume with the main displays at Broadmeadows Civic Plaza, Craigieburn ANZAC Park and the Sunbury Village Green.

3. Fun for the little ones

For young families, our popular Christmas in the Park events will delight and entertain with free activities like face painting, arts and craft, animal farm, giant bubbles and music. Of course, we have invited Santa along to join us for special meet and greets.

4. Make Hume Shine

Make your own home shine in our annual Christmas lights competition, with three \$500 gift vouchers up for grabs for residents who decorate their homes with Christmas lights.

5. Events for everyone

We are hosting a range of other free Christmas events at our libraries and community centres, including craft workshops and Santa visits. Don't forget to pop by your local library to send your letter to Santa – but don't leave it too late!

Please note some activities require pre-booking.

New laws make Hume a better place for everyone

We've introduced a new set of local laws to improve Hume City and keep our community safe. What's new and how does it affect you?

 We've made changes to our open-air burning regulations, allowing it in the context of cultural or religious practices.

 We're cracking down on people who destroy or deface Council-owned property, which is there to be enjoyed by all members of our community.

 Stronger penalties will apply to people who neglect their property and leave it messy, which impacts on others' right to a clean neighbourhood.

 Considering the financial hardships faced by locals, we're allowing some use of camping on Council owned land, where appropriate, based on compassionate grounds.

Council services can help with your holiday clean-up

Along with eating leftovers and watching the Boxing Day test match, the annual clean-out is almost a classic holiday tradition too. Here are our tips for clearing unwanted items from your home safely and responsibly.

Christmas tree mulching

Pine trees smell like Christmas, but what do you do with it once Santa has been and gone? Take it to one of our free mulching days!

Clear the clutter

Old tools, broken furniture and sports gear from last century can be taken to our Resource Recovery Centres. Every Hume household gets two visits per year – including renters.

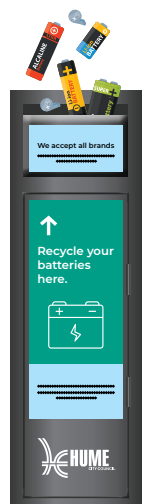

Too big for the bin?

Some things are too big for the car boot – like that broken fridge from the 80s sitting in your garage. Thankfully, you can book a hard waste collection and we'll pick it up for you. All households in Hume can book two collections per year.

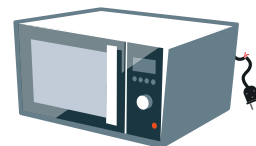

Broken electronics?

Anything with a cord or plug is e-waste and must not go in household bins. Drop them off at a Resource Recovery Centre, or take smaller items to a Recycling Station at a Hume Global Learning Centre. Batteries can be dropped off at several Council facilities.

Using these services is easy, and is also better for the environment. Plus it helps to keep landfill to a minimum.

A sense of community

A Hume resident shares why local spaces mean so much.

Our new Mickleham South Community Centre opened in September and is already popular with locals, providing a space to learn and meet.

We recently met with Shaelle Scriberras, local resident and business owner who operates her dance school Bella Star Studios at multiple community facilities in Hume City.

A true Craigieburn local, Shaelle's journey in the world of dance began at the age of four. Her interest in dance led to a change in career and a new opportunity to bring her passion to a new audience.

"The biggest benefit is that it gets kids and parents involved in community and they have a sense of community," she says.

"If these community centres weren't being built, they (the

next generation) would not have the opportunities I've had."

Shaelle operates her business at the new Mickleham South Community Centre, as well as other local centres in Mickleham North and Greenvale West.

She is a strong advocate for local community centres as they provide opportunities for people of all ages, and because they enable both parents and children to get involved and experience the true spirit of community.

"The facilities are great, there's lots of different rooms you can use - it's a great centre for different activities," she says.

"A lot of the kids mentioned to me before this they were doing nothing and they had wanted to dance their whole lives. So to them this is a big change."

Find a community centre near you and get involved.

Yeni yerel kanunlar

Topluluğumuzun güvenliğini sağlamak için yerel kanunlarda değişiklikler yaptık. Bu değişikliklerin arasında, mülklerini ihmal eden ve dağınık bırakanlar için getirilen daha ciddi cezalar da var. Ayrıca, Belediyenin sahibi olduğu ve topluluğun yararlanması için oluşturulan, oyun parkları gibi mülklere zarar veren veya buraları tahrip eden kişilere karşı da ciddi duruşumuzu koruyoruz.

Tatil temizliği

Kiracıların da aralarında olduğu her Hume hanesinin, Sunbury ve Campbellfield'deki Atık Kurtarma Merkezlerine her yıl iki ücretsiz ziyaret hakkı bulunmaktadır. Bu merkezlere "tip" de denir. Dilerseniz evinizden atık toplanması için rezervasyon yaptırabilirsiniz. Bu durumda atıkları sizin için alırız. Atıkların toplanması için her hanenin, yılda iki kez rezervasyon yaptırma hakkı vardır. Bu hizmetler, büyük atıkları evinizden ücretsiz çıkarmanıza yardımcı olabilir. Daha fazla bilgi almak için lütfen www.hume.vic.gov.au/waste adresini ziyaret edin.

Yaz güvenliği

Hume kentinde yaz dönemi harika geçer, ancak güvende olmamız da önemlidir. Bu nedenle:

- Suda güvenlik: Çocukları her daim gözleyin, yüzmeye ve can kurtarma becerileri edinin, su/ deniz/havuz yakınında alkol almaktan kaçının ve tekneyle açılırken, balığa çıkarken ve kano kullanırken can yeleği giyin.
- Sıcak havadan korunun: Serin bir yere gidip su içerek sıcaklığın yol açabileceği hastalıklardan ve sıcak çarpmasından korunun. Kütüphanelerimiz ve topluluk merkezlerimiz sıcak günlerde tercih edilebilecek rahat ve serin yerlerdir.
- Yangın güvenliği: Ateş yakma kısıtlamalarına ve uyarılarına uyun, mülkünüzü hazırlayın ve şimdiden bir plan yapın.
- Yaz döneminde yılan tehlikesi: Sıcak aylarda yılanlar park, nehir kenarı ve kimi zaman uzun otları ya da sık çalılırları olan evlerin bahçelerinde ısınmak için sıcak yerler arayabilir. Dışarıda yürürken uzun pantolon ve kapalı ayakkabı giyin ve patika/yollardan ayrılmayın.

Be safe this summer

Summer in Hume City is great, but it's also a time when we need to be mindful of our safety, and the safety of others.

Here are a few tips to stay safe this summer.

Watch around water

Going for a swim is a great way to cool off, but please ensure you and your family stay safe around water. Council and Life Saving Victoria urge everyone to:

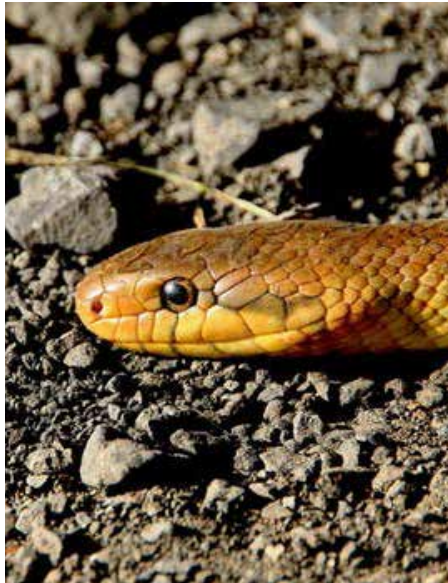

- always supervise children around water
- learn swimming and lifesaving skills
- wear a lifejacket when boating, fishing or paddling
- avoid alcohol around water.

Beat the heat

Extreme heat affects everyone, especially babies and children, people with a medical condition, and older people. The best way to prevent heat-related illness and life-threatening heatstroke is to stay somewhere cool and drink plenty of water.

Council's libraries and community centres offer comfortable and cool spaces you can visit on warm days.

Summer snake safety

Snakes become active in spring through to autumn, and will often seek warm places to sunbake, particularly along waterways, in parks and reserves, and sometimes in backyards with dense shrubs, tree hollows and long grass. When walking outdoors where snakes may be, wear long pants, covered shoes and stay on paths.

If you see a snake in a public area or your property:

- stay calm
- do not approach or attempt to catch or kill the snake
- when safe to do so, calmly move away from the snake, and keep watch if possible
- keep children, pets and others away from the area containing the snake.

While snake bites are rare, they do pose a serious health risk if the species is venomous. If you have been bitten by a snake, call 000 immediately for emergency assistance.

Fire safety

Fires are a real risk in Australia. Make sure you know what you can and can't do during the Fire Danger Period, and pay attention to fire restrictions and warnings, prepare your property and be sure to have a plan in place.

If you own property in Hume City, you are responsible for ensuring it's free from fire hazards. You need to mow the grass, clear fallen branches, or remove flammable materials. Council inspects properties in the lead up to summer, and may issue fines to properties that are non-compliant.

Blue-green algae

As the weather starts to warm up, blue-green algae blooms can develop in our nearby lakes and reserves. They are naturally occurring, not usually dangerous and will go away in time however large amounts of blue-green algae can cause skin irritation or illnesses for people and pets. Do not come into contact with the water, or let pets enter or drink it.

A Colourful Hume

Over the past few years, our city has become more colourful with eye-catching public art across Hume City.

The mural project has been transforming community spaces into vibrant pieces of public art that can be enjoyed by everyone.

We've been working with talented artists to create works inspired by local Hume landscapes, icons and history.

Council's website features a map of all Hume City's mural locations – check it out and plan your own outdoor art tour!

Better housing for Hume

Advocating for better public housing in Hume City has been a personal priority, which is why I was excited to see \$80 million in funding for Broadmeadows' Banksia Gardens neighbourhood announced by State and Federal government. It's a huge win for our community, and means 120 new, energy efficient homes for those who need it most. The build starts in 2024!

Climate Action Plan

I'm so proud that Council has endorsed a new Climate Action Plan. It means we've committed to a carbon neutral target for Council operations by 2030. It also supports climate action across Hume City to reduce emissions and adapt to climate impacts, while also advocating for more climate action and supporting our residents to lead more climate-conscious lives.

More public toilets

I know a trip to our parks can quickly come to an end if there is no public toilet available. That is why we are upgrading toilet facilities at Highgate Recreation Reserve, Tulsa Drive Reserve, Jack Roper Reserve, Green Drive Reserve and John McMahon Reserve. What's happening in Sunbury

I encourage all residents to use the Snap Send Solve app for reporting issues you see in Hume. It works brilliantly. Around Sunbury, Jacksons Hill improvements are now happening, although slower than expected. Mt Holden's new walking tracks are also progressing well, and residents can soon experience the great views. The grass in our local parks and reserves grows fast in spring and summer – which is why we've employed an extra four mowing crews to get on with the job. Our mowing team cover more than 20,000,000 square meters of grass – which is equivalent to 1,128 MCGs on a four-week basis.
