Anti-Racism

Reporting & Support Services

March 2025

What is racism?

Racism is when someone is treated unfairly due to their race, skin colour, ethnicity or religion.

Examples* include:

In shops or using services: Feeling unwelcome, not being served or being followed around by security.

At work: Not getting a job interview or a promotion because of your race, skin colour, ethnicity or religion.

In public: Being called names, aggressive behaviour, asked to show a train or tram ticket when others are not.

In school: Being bullied for how you look, what you eat or what you wear, being made to feel different from other students or when teachers do not stand up to racism when it happens.

Housing: Being denied the rental or sale of a property because of your race, skin colour, ethnicity or religion.

Online: Hate messages or posts on social media or receiving emails with racist content.

Report racism. Get support.

Depending on your situation, there are different ways to report racism or seek support for yourself or someone else facing racism.

You are encouraged to collect as much information as possible about the incident.

However, you do not need to have all the information to seek support or make a complaint.

Your safety and wellbeing should always come first during an incident.
