

HUME CITY COUNCIL

## Fair Access Policy

*A more inclusive Hume for everyone.*

**Sport and recreation should be accessible to everyone, but many women, girls, and gender-diverse people face barriers in accessing community sports infrastructure.**

Hume City Council's Fair Access Policy aims to address this disparity. This policy is a commitment to ensuring that our sports facilities are inclusive and open to all. The key goals of the policy include:

- Increasing participation in sport and recreation
- Accessing and using community sports and recreation
- Supporting leadership and governance roles for women, girls, and gender-diverse people
- Aligning with the Gender Equality Act 2020 and the Fair Access Roadmap

Hume City Council's Fair Access Policy aims to address this disparity.

Together, we can create a community where everyone can thrive through sport and recreation.
