Adopted by Council	28 August 2017
Re-Adopted	24 June 2019
Date for Review	June 2023
Responsible Officer	Manager City Design
Department	City Design

CLUB CONTRIBUTIONS POLICY FOR CAPITAL WORKS PROJECTS

1 POLICY STATEMENT

The overall purpose of the Capital Works Club Contribution Policy is to ensure clarity around the level of funding required for sport and recreation infrastructure by Council and Hume Sports clubs.

2 INTRODUCTION

Council provides use of its sporting grounds and facilities to sports clubs/associations to improve physical and social well-being outcomes for the residents of Hume.

3 POLICY IMPLEMENTATION

3.1 Hume Council has developed a number of standards which determine the appropriate level of sport and recreation infrastructure provision at regional, district and sub-district reserves and facilities. These include the following Council documents:

- a) Sports Ground Lighting Plan
- b) Sports Pavilion Plan
- c) Turf Wicket Policy

3.2 Where Hume Sporting Clubs request infrastructure above standard provision that is detailed they are required to meet 100% of the capital and on-going maintenance costs of these assets, unless otherwise stated in this Policy.

3.3 In determining the level of funding to be offered to sporting clubs Council will take the following factors into consideration.

- a) the nature and extent to which facilities are readily available to the general community;
- b) the income generating capacity of user groups; and
- c) whether the facility is ultimately the property of Hume City Council.

3.4 Officers will be guided by the rationale and the table outlined in this policy. It is most important to note that the percentage contributions are only applicable if the project is funded in council's Capital Works.

3.5 This Policy does not prioritise the delivery of sport and recreation capital works projects. Priorities are determined through the Council Budget process.

3.6 Council Active Sports Reserves

		Council Contribution	Combined Club Contribution
3.6.1	Sports ground construction including irrigation, drainage, fencing, cricket pitch, goal posts in line with Council's standard of provision for regional, district and sub district reserves.	100%	0%
